Pardo Yachts

Raising the Bar on Luxury and Performance

The new Pardo 43 marks the evolution of an icon, setting fresh standards in luxury, practicality, and performance while staying faithful to its unmistakable identity. Every detail has been perfected to elevate life at sea.

Outdoors, the redesigned galley is larger and more functional, conceived for convivial moments under the sun, while generous sun

pads invite pure relaxation. The carbon-fiber T-top, now impeccably integrated with the new crystal windshield through elegant supports, ensures both aesthetics and protection. Wide walkaround decks create a natural flow among lounging, dining, and social areas, complemented by a new bow-facing bench and an expanded aft relaxation area.

Below deck, panoramic hull windows bathe interiors with natural light, showcasing the versatile layouts and refined finishes. Available also with an outboard engine configuration, the Pardo 43 confirms its role as a true icon of freedom, style, and effortless elegance on the water.
