# INTRODUCING THE NEW PARDO 43 YACHT: A TIMELESS ICON REINVENTED

## INTRODUCING THE NEW PARDO 43 YACHT: A TIMELESS ICON REINVENTED

Pardo Yachts has unveiled the new Pardo 43, a yacht that redefines luxury, practicality, and performance on the water. Building on the success of its predecessor, the new Pardo 43 embodies a spirit of continuity, enhancing every detail while staying true to its identity at sea.

## A LEGACY OF EXCELLENCE

“The Pardo 43 was born from a clear vision, to create something truly distinctive,” says Gigi Servidati, President of Cantiere del Pardo. With over 300 units sold, the original Pardo 43 was a game-changer, and this new version refines and improves upon that success.

“The Pardo 43 was always built for enjoyment first, and the new model retains everything that made the original an icon, while offering a host of carefully considered upgrades,” says Marcello Veronesi, CEO of Cantiere del Pardo.

## EVOLUTION IN DESIGN

The new Pardo 43 boasts a fresh exterior design, courtesy of Zuccheri Yacht Design and Nauta Design, with innovative features like all-new hull windows, redesigned sunpads, and a reworked external galley. The interior, designed by Nauta Design, offers two layout options, including a twin cabin aft and a forward dinette that transforms into a double bed.

Signature style elements include the air intakes relocated to the exterior and integrated into the ‘swoosh’ of the topsides, enhancing both form and function. The descending sheer line adds a sportier, more dynamic silhouette, while the refined hull geometry delivers an even more fluid, elegant profile.

## ENHANCED OUTDOOR LIVING

The dashboard has been completely redesigned, featuring a new yacht automation interface developed with Garmin. The forward sunbathing area now includes a bow-facing bench, and the stern offers a deeper sunpad with lighter styling and an integrated spoiler-like design inspired by the GT52.

The redesigned outdoor galley adds more storage and workspace, while seamlessly integrated hardtop supports create a sleek, modern silhouette. Invisible side-step hardware and new storage pockets keep the deck uncluttered and practical.

## COMFORT AND STABILITY

The new Pardo 43 features Dometic air conditioning, stabilizers from Seakeeper and Quick, and [Starlink](#) connectivity for high-speed internet. Owners can choose from various propulsion options, including Volvo Penta IPS drives and Mercury V10 engines.

## PRACTICAL INNOVATIONS

New features include an automatic bathing ladder, solar panels, and an extended windscreen for better side protection. The anchor bow has been enhanced, and fuel and freshwater capacities have been increased. A longer boarding ladder and upgraded underwater lights provide added convenience and ambiance.

## TAILORED INTERIORS

Inside, the new Pardo 43 offers a choice of two layout options, featuring refined finishes such as fabric ceiling panels, window shades, and ambient lighting. The aft twin cabin has been made more spacious, with an additional 80 mm of headroom.

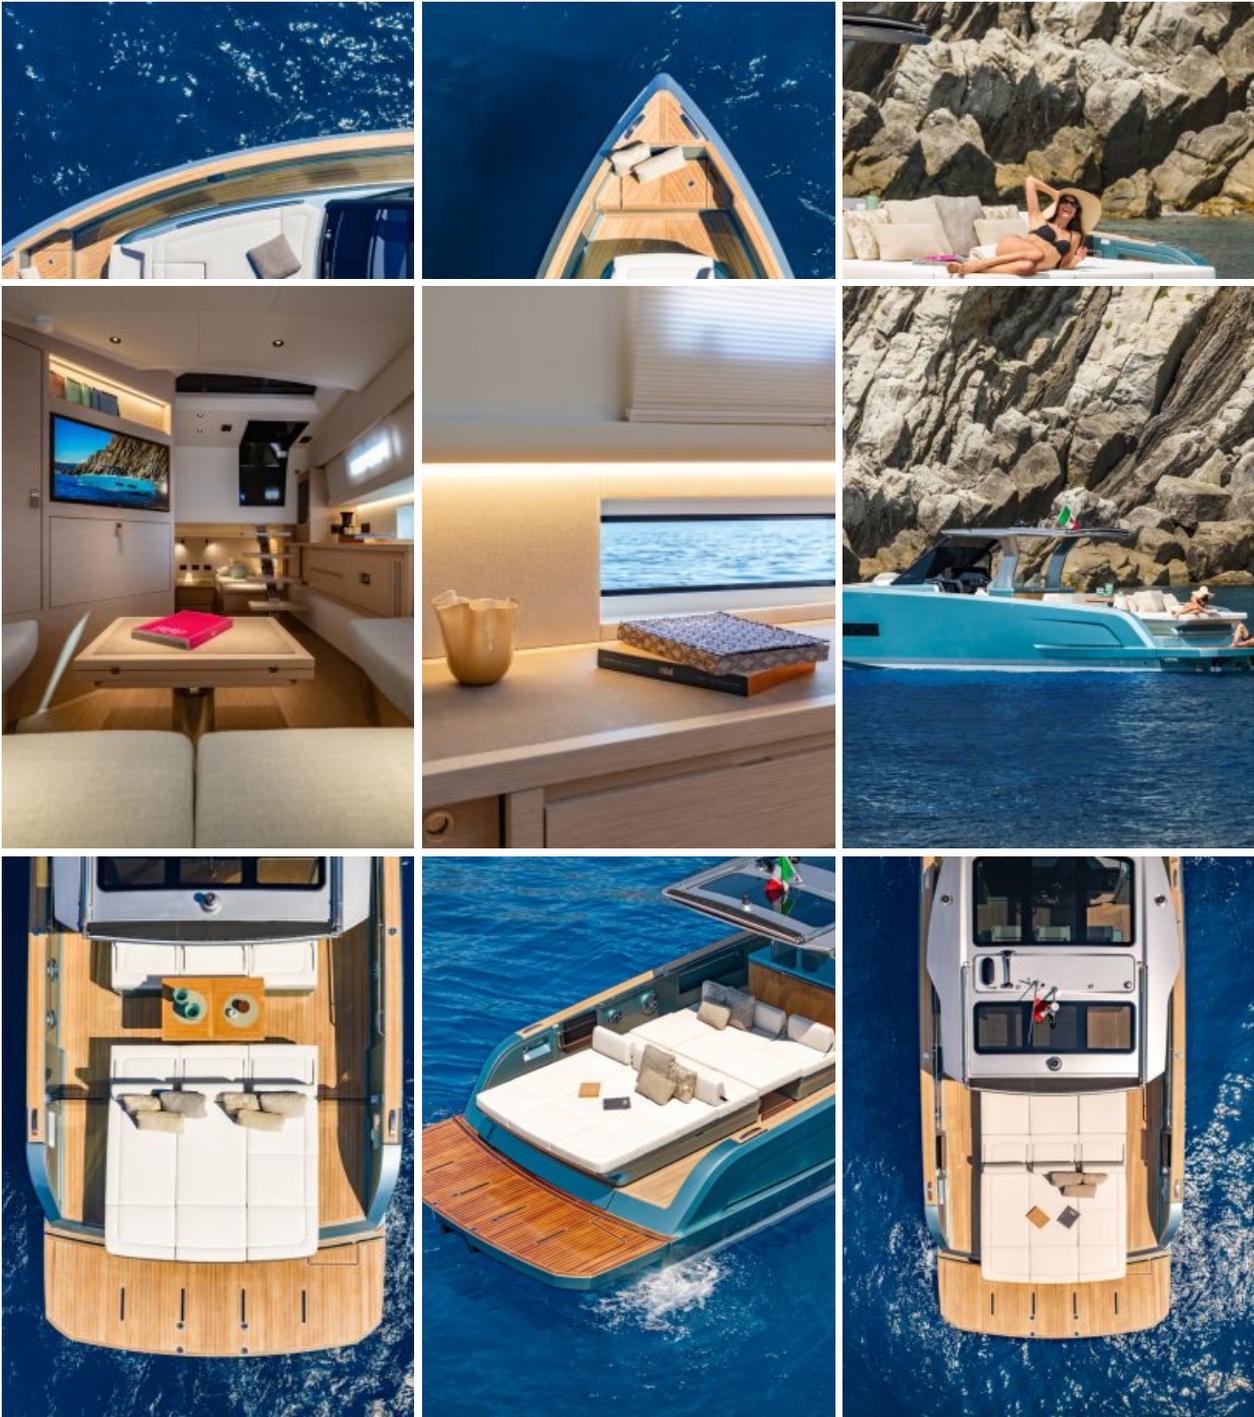

## TECHNICAL SPECIFICATIONS

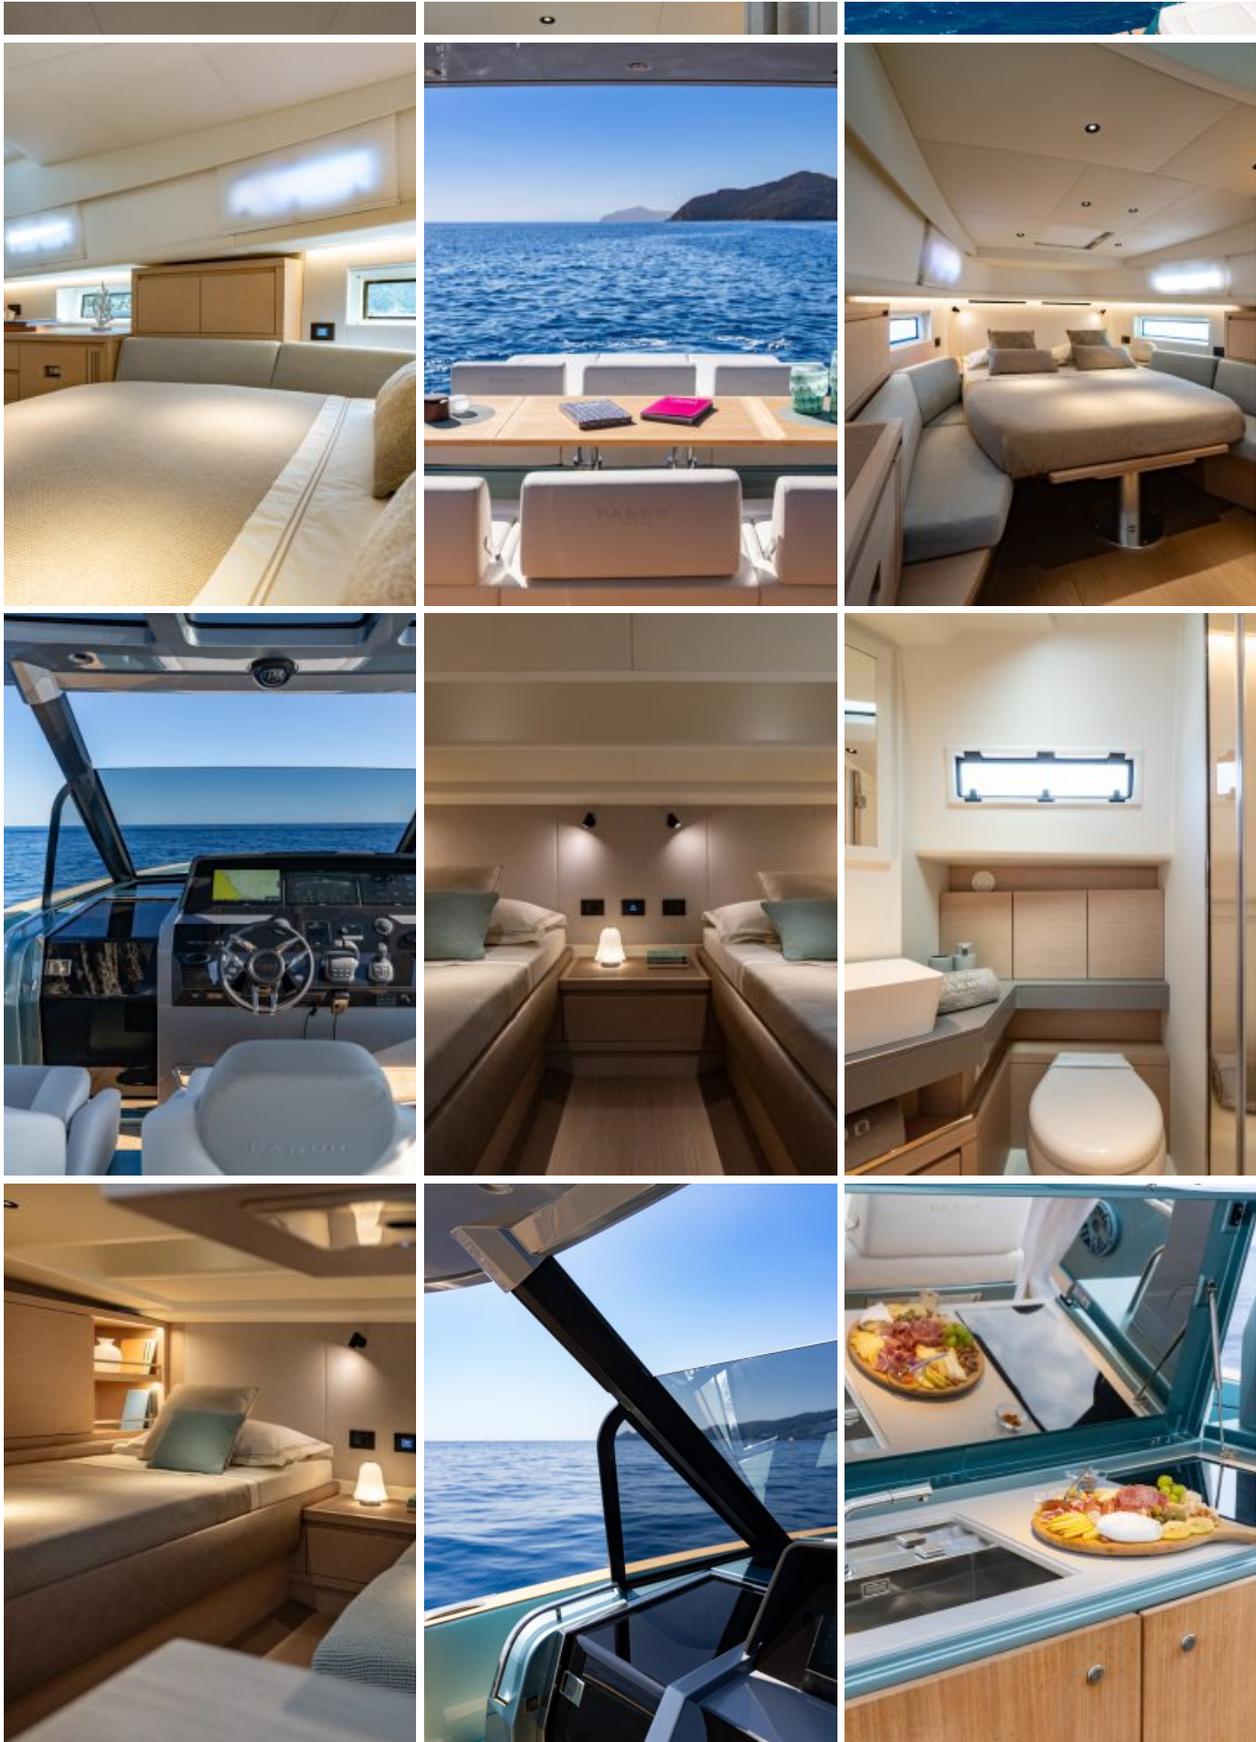

- Overall Length: 45'11" (14.00 m)
- Hull Length: 42'0" (12.80 m)
- Maximum Beam: 13'9" (4.20 m)
- Draft: 3'11" (1.20 m)
- Displacement (light ship): 11 t approx / 24,250 lbs approx
- Passenger Capacity: 12 (CE Category B) / 16 (CE Category C)
- Fuel Tanks: 1,300 l / 343 US gal approx
- Water Tanks: 400 l / 105 US gal approx
- Engines (standard): 2 x Volvo IPS 500 (2 x 370 HP)
- Engines (optional): 2 x Volvo IPS 600 (2 x 440 HP) / 2 x Volvo IPS 650 (2 x 480 HP)

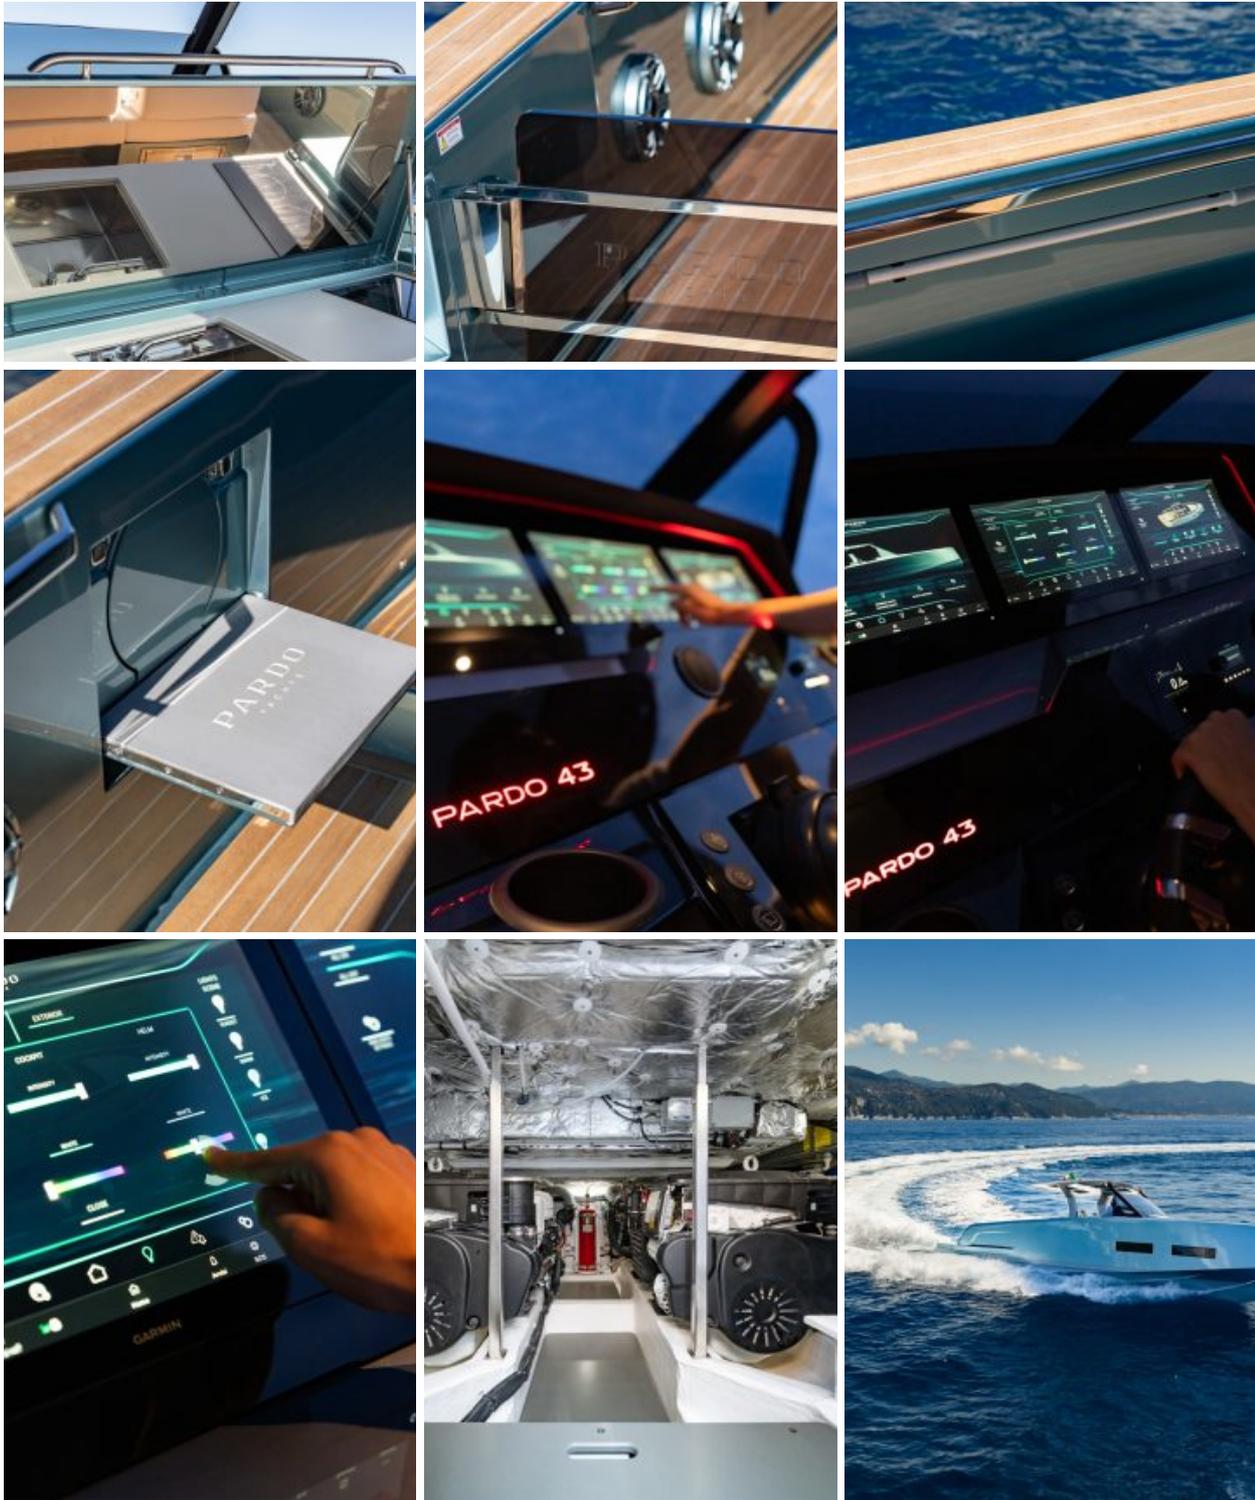

The new Pardo 43 is a refined evolution of freedom on the water, blending luxury, heritage, and innovation to set a new standard for walkaround models.
