BOOTH#: IWS RAMP C, SLIPS 126

VIA F.LLI LUMIÈRE, 34 - 47122 FORLÌ (FC) - ITALY

+39 389 2949695 | VBOTTASINI@CANTIEREDELPARDO.COM

PARDO YACHTS is a "Made in Italy" stylish boat, with a mixture of power and elegance, comfort and functionality that can be customized by request.

### Pardo 38

The new Pardo 38 previewed during the Cantiere del Pardo Week in Portofino (11-19 May 2019) and will make its official debut to the public during the Cannes Yachting Festival 2019. Once again, Cantiere del Pardo keeps its promises: starting from 2017 a new Pardo Yacht model has been launched every year. The Pardo 43 in 2017, the Pardo 50 in 2018 and the new Pardo 38 in 2019.

This new boat is a synonym for power, elegance, quality, and comfort, with endless customization possibilities.

### Pardo 43

Quality of materials and finishes, attention to details and possibility to customize together with new market demands and years of experience, are the key points that present this new top brand PARDO YACHTS. PARDO 43 was designed for a sophisticated owner, which appreciate high quality, top design, luxurious and comfort but not only. Performance and speed distinguish the new PARDO 43 thanks to a careful study of hull shape and engineering.

### Pardo 50

The strong relationship between Cantiere del Pardo and Pardo Yachts is remarkable in some details where two pillars (the sailing one and the powerboat one) have in common: for example, the radius surfaces on the deck recalls the one used in sailing boats and gives value to the neat-design hull. Same as the 43-feet little sister, Pardo 50 has been designed by Zuccheri Yacht Design, together with the Technical Dept. of Cantiere del Pardo. It has been created for a sophisticated owner, appreciating high quality, top design, luxury and comfort combined with performance and speed.

## Argos Nautic

786.520.4700 | 1572 NW 165TH ST, MIAMI GARDENS, FL

Argos Nautic's new flagship is the 396 (13' LOA, 6'8" beam), which offers contemporary styling from the pen of famed yacht designer Patrizio Fachieris. A master of the use of space, Fachieris created a boat that seats five and has ample storage. Powered by a single outboard engine range from 40- to 70-hp, the 396 runs to a top speed of 36mph. Weighing in at approximately 925 pounds, the boat offers the stability needed when going ashore. High-end components on the 396 include stainless-steel Italian cleats and fittings, a tilting Isotta Steering wheel, supple upholstery, teak and holly flooring, and an audiophile-quality Fusion sound system.
